

ARIZONA DAY RIDES

Notes from the staff at Arizona Bike Week:

Arizona Bike Week is a rider's dream. Our great spring weather and some of the most scenic terrain in the US, combine to make for some incredible riding. Travel from the majestic beauty of the Sonoran desert, to our cool, pine blanketed mountain regions, in just a couple of hours. There's something for everyone. Let ABW be your home-base as you explore all the beauty of Arizona. We encourage our attendees to ride and explore. We've put together a small sampling of some of our favorite routes to give you a taste of what Arizona Bike Week has to offer. We've even inserted some of the best watering holes and grub stops along the way in red.
